

PARENT NOTICE OF POTENTIAL RELEASE OF STUDENT INFORMATION

The California Department of Education (“CDE”) is currently engaged in litigation with two non-profit associations comprised of parents and guardians of children with disabilities. The plaintiffs in that litigation have requested numerous documents, as well as student data collected and stored by CDE, which may include personally identifiable student information.

To comply with the Family Educational Rights and Privacy Act (“FERPA”), CDE has been ordered to inform parents and students of the disclosure of such information. State Superintendent of Public Instruction Tom Torlakson has provided the following link to a website (<http://www.cde.ca.gov/re/di/ws/morganhillcase.asp>) which includes information objecting to the disclosure of data. The link provides a Notice and Objection form to allow parents to object, by April 1, 2016, to the disclosure of personally identifiable information related to their children.

Please note, the Windsor Unified School District is not a party to the litigation and is not required and/or does not intend to disclose any student information. For more information, please contact CDE directly at [\(916\) 319-0800](tel:9163190800).
