## California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### About Our School

Windsor Creek Elementary School is proud to provide a quality education for Windsor's grade 2-3 students. Our curriculum uses the new Common Core State Standards. Our staff members are proud of their high academic program and commitment to staff development and training. We achieve schoolwide goals through a strong connection with parents and the community. Windsor

Creek has won the prestigious California Distinguished School Award in both 2010 and 2004. Our students receive instruction weekly in our iMac computer lab, library, music, and physical education program. The students have chrome books and ipads that rotate throughout their classrooms. We have an intensive English Language Development Program: Accelerated English (AE) to help foster a well-rounded student. We are vested in our Socio-Emotional Program: Responsive Classroom, where every child's socio-emotional needs are addressed through community building within the classroom. We have made campus beautification a priority. Visitors enjoy our Butterfly Garden, greenhouse, and flower and vegetable gardens. Our volunteer coordinator oversees parent participation in all aspects of our daily programs and numerous special events.

We are extremely proud of our monthly student awards assemblies, which help promote school spirit and recognize individual improvement, citizenship, academic excellence and growth, good attendance, and Wolf Club pride!

It is the mission of the Windsor Unified School District to provide a supportive and nurturing environment for all students. Students shall acquire the basic skills of knowledge, along with the thinking skills needed for problem-solving and decision-making relevant to a changing world. Windsor students shall exhibit personal and social maturity through responsible behavior, developed from understanding and respect for the diversity of all life, and a genuine caring for others.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts / Literacy (grades 3-8 and 11)	38.0%	38.0%	42.0%	44.0%	44.0%	48.0%
Mathematics (grades 3-8 and 11)	33.0%	39.0%	28.0%	30.0%	34.0%	36.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

#### Opportunities for Parental Involvement (School Year 2016-17)

Windsor Creek Elementary School has numerous special events throughout the year such as our Monthly Awards Assemblies, Principal/Parent's Coffees, Science Day, Arts Day, Math Night, STEM Night, College Tee Night, Read Across America Day, Community Clean Up Day, Field Days, Student Council led Spirit Days, Back-to-School Night, Halloween Parade & Carnival, Class Plays, Book Fair and Family Night, and Open House. Our teachers take students on numerous field trips throughout the year to enhance and support classroom curricular areas. Each classroom takes between three and five field trips annually to museums, theaters, and local places of interest. The contact person for parent involvement is Sarah Homan, our volunteer coordinator. For more information on how to become involved at the school, please contact Volunteer Coordinator at (707) 837-7757. Our School Site Council, which is made up of parents, teachers, classified staff, and the principal, helps develop our school's annual plan and provide valuable input. Our school WE liaison reports on community activities and events supported by our WE Foundation. Parents and staff can attend WE meetings to provide collaboration and support. Our WE Foundation raises funds for supplementary classroom resources and activities. Our Volunteer Coordinator recruits and trains more than 200 parent volunteers. In addition, the school's English Learner Advisory Committee meets Bi-monthly with our ELD Coordinator to address concerns about the education of English Learners.

## School Safety Plan (School Year 2016-17)

The Windsor Creek Elementary School Safety Plan addresses the needs of the school and the students by creating a safe, secure, supportive, and nurturing environment. Our plan ensures an orderly and purposeful environment where students and staff are free to learn and teach without the threat of physical violence or psychological harm. The School Safety Plan helps develop a strong sense of community, school spirit, and establishes sensitivity and respect for all individuals.

Windsor Creek provides an environment of nonviolence through clear behavioral expectations and disciplinary policies that are consistently and fairly administered. The School Safety Plan meets the needs of the school by recognizing positive student behavior, creating strong security measures, and establishing clear emergency response plans.

We instituted two morning recess times to provide safer conditions on the playground. By creating two separate recesses for our students, we have observed that children have less crowded play areas, more supervision, and safer play conditions. We have also added on more yard duties for the morning recess when all students are present.

Our school participated in the Great American Shake-Out on October 20, 2016. Staff and parents feel that it is imperative that we are trained and practice in the event there is an earthquake during school.

All Third Graders attend an Assembly, sponsored by Disney, that inform them about emergencies and safety procedures.

The district has provided us with Blackboard Connect. This is a program that allows us the ability to contact parents and staff through an automated phone system. We can inform families of any safety or disasters expeditiously and efficiently by dialing home or cell phones. It offers us the ability to send messages in both English and Spanish.

We also have Blackboard Connect and an Emergency Phone Tree for all staff to immediately inform employees of an emergency.

**Types of Services Funded (Fiscal Year 2015-16)**

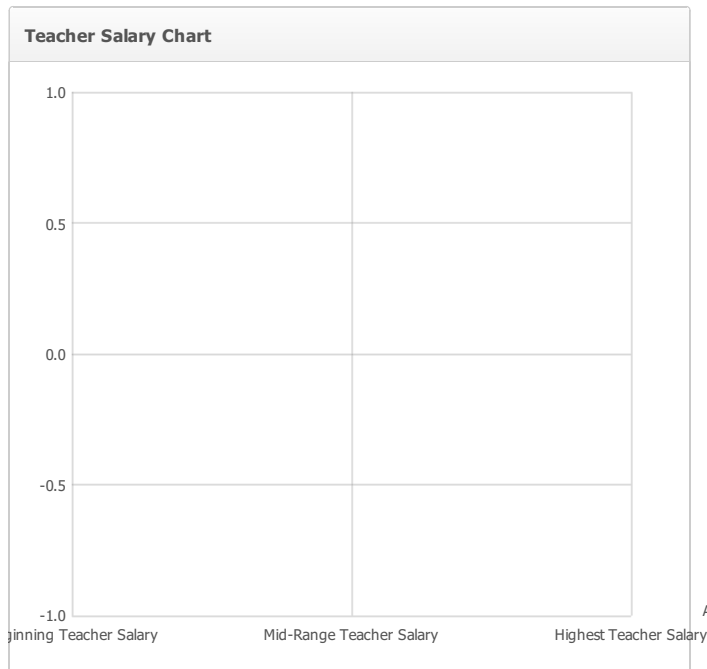

We have a well trained and dedicated special education team consisting of 1.5 School Psychologists, .2 Behavior Specialist, 2-Special Day Class teachers, 2 Full-time Resource Specialists, Speech teacher, Occupational Therapy, and APE. Our staff has a Student Study Team where teachers may refer students they are concerned about to. The team will make suggestions and recommendations. Children may also be referred for further testing to help support their needs. Our English Language Learners receive support by our bilingual English Language Development teachers and our adopted Accelerated English Program. Families can also receive support and translation services from our bilingual community liaison. Teachers also support students in Language Arts through a reading regrouping program that provides instructional support directed toward the child's specific learning needs. We have a full-time Intervention teacher who sees up to 60 students per day to help out in Reading and Math. We have after school tutoring that is taught by a group of teachers that volunteer to teach this program and have helped over 80 students. All staff is trained in Responsive Classroom, a program that helps to address the Socio-Emotional Needs of our students.

**Professional Development**

---

We continue to work diligently on training and staff development surrounding Common Core State Standards. Our teachers have attended numerous trainings and received support through our Instructional Leadership Team and our district office. We have provided staff with additional materials to support the new CCSS in both ELA and math. Additional non-fiction resources have been purchased for classrooms and the library. We have Professional Development Days where the entire district has attended. We have also attended workshops after school. We had a one day, full district wide Staff Development Day all based on Technology. All staff have received training in Responsive Classroom, a Socio-Emotional Program to address all students.
