

Be good to yourself and enjoy the rewards

CVT believes that knowing your numbers is the necessary foundation for good health. **This year we have increased the reward amount for biometric screenings from \$75 to \$200. Also, in order to be eligible for the other rewards, you will need to be current on biometric screenings.** Just like last year, you will get credit for biometric and cancer screenings you are already current on, so you might have money waiting! In total, you'll be able to earn up to \$400 in merchant rewards cards from retailers from amazon.com to Zappos and everything in between.

Go to kp.org/engage and enter your Kaiser Permanente log-in and password. If you do not currently have an account, click "Register for an account" to create one. Sign on starting October 1, 2017 and begin to earn rewards for the activities you complete before September 30, 2018.

<input type="checkbox"/>	\$200	Biometric screenings	<ul style="list-style-type: none"> Go to a KP lab to check your blood pressure, total cholesterol, glucose, and body-mass index (BMI) Send a message to your physician via www.kp.org to find out which screenings you need; remember, you may have already completed this

 Get started at www.kp.org/engage

The rewards program runs from October 1, 2017 through September 30, 2018, and is open to members of California's Valued Trust and their spouses or domestic partners who are 18 years of age or older, Kaiser Permanente members, and enrolled in the HMO Plan with Wellness program.

Wellness program rewards are available to all eligible participants. If you think you can't meet a requirement for a reward because of your health, you may be able to earn it doing something else. Please contact your employer or union to learn more. They'll help you find a way to earn the same reward based on what's right for your health. If you like, your doctor can also be a part of this decision.
